Any further services you would like done while here			
Weight			

Diet:
While in the care of Rappaw Veterinary Care your cat will be fed Hills Science Diet biscuits and Hills canned food. If your cat requires a prescription diet, the cost of dry food will be included in the cattery charge. Wet food will be charged at an additional cost.

Fleas & Worms:
If your cat shows signs of having live fleas or worms while in the care of Rappaw Veterinary Care and is not up to date with a reputable (vet supplied) flea and worm treatment, we will treat your cat at an additional charge.

Owner or Agents Declaration
I declare, that to the best of my knowledge the cat described on the form is:
1. Not suffering from any infectious disease
2. In good health and not suffering from any disorder which Rappaw Veterinary Care is unaware of

In the event of illness or injury to my cat, I give permission for any urgent medical, surgical or diagnostic procedures which are, in the opinion of a Veterinarian of Rappaw Veterinary Care, required to be carried out during the cat stay. Staff will endeavour to contact the person given as an emergency contact, to discuss any treatment required, prior to such treatment being given.

I understand that the daily rate will be worked out on a per night basis and that payment in full is required when the cat is discharged including any extra costs incurred while here.

Signed: _____
